Dear Dr Gangadhara

You are to be congratulated. As a noted and eminent professional in the field of science you have now been considered and nominated for recognition by the International Biographical Centre. Of the many thousands of biographies from a wide variety of sources investigated by the research and editorial departments of the IBC, a select few are those of individuals who, in our belief, have made a significant enough contribution in their field to engender influence on a local, national or international basis. Ratification of your nomination Dr Gangadhara by the Awards Board is now complete and it is therefore my great honour to name you as a member of the IBC

## TOP 100 SCIENTISTS ~ 2014 ~

As holder of this distinction, you can be assured of your place in our history and be gratified that your work has not only been noticed but recognised as outstanding. In any one year only one hundred of the world's best scientists, both famous and uncelebrated, from all disciplines will be able to populate this exclusive list. These are people whose daily work *makes a difference* - not just those who populate the headlines. It is henceforth decreed that **you** should be on this list for 2014 but as bearer of this honour you will be recorded in perpetuity in the halls of the International Biographical Centre – I trust you will be proud to know your name is to take its rightful place.

As a listee of the IBC **TOP 100 SCIENTISTS** you are eligible for the commemorative items available - the distinguished and limited **TOP 100 SCIENTISTS** medal, designed by regalia-makers to the World's Monarchies and the distinguished illuminated certificate which is printed in full-colour on finest parchment and can be laminated onto solid wood for instant hanging – I enclose details for your perusal.

The International Biographical Centre prides itself on being one of the leading biographical reference book publishers in the world with more than twenty Who's Who titles in one hundred and thirty two separate editions. Among these titles, some of which have been established for nearly fifty years, have been *Dictionary of International Biography, International Authors and Writers Who's Who, International Who's Who in Music, International Who's Who in Art & Antiques, International Who's Who in Poetry* and *World Who's Who of Women*.

I am very pleased to be able to bring you this news Dr Gangadhara, and hope you feel proud of the influence you have on your colleagues and friends. It is only left for me to offer my sincere congratulations. I look forward to hearing from you.

Sincerely

Nicholas S. Law  
Director General
