INDIAN INSTITUTE OF ASTROPHYSICS
(An Autonomous Body under Department of Science & Technology,
Government of India),
Koramangala, Bengaluru-560034

Advt.No. IIA/7/2017 dated 20th June, 2017

The Indian Institute of Astrophysics (IIA) is an autonomous academic national institution of the Department of Science & Technology, Govt. of India dedicated to research in Astronomy, Astrophysics and Allied Sciences & Technology. The Institute has its main campus in Koramangala, Bengaluru and CREST campus at Hosakote, Bengaluru. It operates field stations at Kavalur & Kodaikanal in Tamil Nadu, Gauribidanur in Karnataka, and Leh/Hanle, Ladakh in Jammu & Kashmir.

India has joined the Thirty Meter Telescope (TMT) project, the next generation astronomical observatory that will be located on Mauna Kea, Hawaii. India's participation in the TMT Project, led by the Indian Institute of Astrophysics (IIAP, Bengaluru, Inter University Centre for Astronomy and Astrophysics (IUCAA), Pune and Aryabhata Research Institute for Observational Sciences (ARIES), Nainital is coordinated by the India TMT Coordination Centre (ITCC) hosted at IIA, Bengaluru. The TMT project is an international partnership between California Institute of Technology (CalTech), Universities of California, Canada, Japan, China and India. More details about the project may be obtained from <http://tmt.iiap.res.in>

The Thirty Meter Telescope (TMT) will be the world's most advanced ground-based observatory that will operate in optical and mid-infrared wavelengths. It will be equipped with the latest innovations in precision control, phased array of mirror segments and laser guide star assisted adaptive optics system. At the heart of the telescope is the segmented mirror, made up of 492 individual hexagonal segments, each 1.44-m in size. Precisely aligned, these segments will work as a single reflective surface of 30-m diameter. India is responsible for providing various critical hardware components and software to the telescope as part of in-kind contribution. Manufacturing of the sub-systems by Indian industry are at various stages.

Online applications are invited from dynamic and highly motivated individuals for the following position to work at the India TMT Co-Ordination Centre:-

Post No.: 07/2017/2

Name of the Post:	Project Engineer - I (Software)
No. of Post :	One
Age Limit :	32 years
Remuneration :	Rs. 50,000/- per month (Consolidated)
Place of Posting :	Bengaluru

Educational Qualification: B.E/B.Tech or equivalent in Computer Science with at least 60% marks in the aggregate from a recognized University/Institution.

Experience : Two years experience after graduation. Candidate should be proficient in JVM-based languages - Java and Scala, C/C++ and JPython. The candidate should have worked in software industries/public sector/Government establishments involving software quality checks, project management experience, scheduling, risk management, performance measurements and metrics, agile development process, involvement in projects with teams located in various places/countries, experience in open source codes, linux operating system, unit testing and integration of software.

Desirable: Worked with management tools, testing tools, benchmarking of performances, etc. Exposure to tools such as Slack, Jira, Jenkins, etc., is also desirable.

Job: Description: The selected candidate will be member of the India TMT Software work package team co-ordinating and heading the test and integration of the software delivered by the vendor, carryout quality checks, co-ordinate meetings with the vendors and TMTPO.

A positive performance in this role will lead to increased responsibilities and an opportunity to grow within the project. Job may require frequent travels with in the city and outstation.

Terms & Conditions:
