**Walk-in Interviews on 26.07.2024 (Electrical & Civil)**

Indian Institute of Astrophysics (IIA) is an autonomous academic national institution under Department of Science & Technology, Govt. of India dedicated to research in Astronomy, Astrophysics and Allied Sciences & Technology. The Institute has its main campus in Koramangala, Bengaluru and CREST Campus at Hosakote, Bengaluru. It operates field stations at Kavalur & Kodaikanal in Tamil Nadu, Gauribidanur in Karnataka, and Leh/Hanle in Union Territory of Ladakh.

Indian Astronomical Observatory, high-altitude station of IIA is situated at an altitude of 4500 meters above mean sea level to the north of Western Himalayas. The site is a dry, cold desert with sparse human population. The cloudless skies and low atmospheric water vapour make it one of the best sites in the world for optical, infrared, sub-millimetre and millimetre wavelengths.

IAO Hanle is a remote high altitude Observatory hence working experience at high altitude above 11000 ft MSL will be desirable and the place of work Hanle is about 240 km from LEH city. The temperature varies from -30 to +30 deg Celsius and candidates need to work in nearby field stations like Merak.

Eligible young, bright and highly motivated individuals are invited to attend Walk-In Interview for below posts at Raman Science Center, Indian Institute of Astrophysics, Skara Yokma Leh-Ladakh 194101 between 09.00 AM to 05.00 PM for the following posts.
